

REMARKS

A Supplemental Declaration is submitted herewith which overcomes the objections and rejections set forth in the sections 1-3 of the Office Action. In particular, the declaration contains language that satisfies the provisions of 37 C.F.R. § 1.175(b)(1) that every error in the patent which was corrected in the present reissue application, and which is not covered by the prior oath(s) and/or declaration(s) submitted in this application, arose without any deceptive intention on the part of the applicant. This language therefore covers the errors corrected by the Amendment filed March 20, 2007.

A substitute claim amendment section of the Amendment filed March 20, 2007 is also submitted herewith which includes a complete listing of all the claims and the status of each as of the date of the Amendment. This submission overcomes the objection noted in section 4 of the Office Action.

In view of the foregoing, Applicants respectfully submit that all the objections and rejections set forth in the Office Action have been traversed and that the application is now in condition for allowance. Accordingly, entry of this Response and favorable reconsideration of the application are respectfully requested.

Respectfully submitted,

By: /wab/
